

TO WHOMSOEVER IT MAY CONCERN

Customer: Horizontal Tempering Glass (Lebanon)

Subject: Declaration of Compliance

Saint-Gobain, as an international organization, headquartered in France, all the diverse and global activities of the Flat Glass Division remain united under the single banner "Saint-Gobain Glass". Saint-Gobain Glass has a comprehensive network of branches across the world providing worldwide coverage.

The certification program of Saint-Gobain Glass, part of its worldwide technical support, aims at ensuring that the certified glass processor operates in line with Saint-Gobain processing guidelines and follows a required set of quality procedures.

We hereby confirm that HORIZONTAL TEMPERING GLASS S.A.R.L (HTG), located in LEBANON, is a certified glass processor¹ for high performance double-silver SGG Cool-Lite SKN products as well as single-silver SGG Cool-Lite KNT, KS, ET, ST and Planitherm products. And that, as far as Saint-Gobain Glass is concerned, their manufacturing process are in compliance with the following standards:

- EN 572 for basic soda lime glass products
- EN 1096 for coated glass
- EN 12150 for thermally toughened safety glass
- EN 1279 for insulating glass Unit

If requested by HTG, Saint-Gobain Technical Support team can make regular inspections to HTG factory in order to monitor the compliance to the above mentioned certification requirements during the supplies of specific projects.
